

## Mac E-Com Client Installation - Lewis

1. You will need to download two items from <http://tools.portagebay.com/clients/lewis.html> :
  - a. The E-Com login file – please right-click on the link and save the file to your desktop so that it may easily be used for launching your E-Com session.
  - b. The Mac E-Com client installer; please note that depending upon the speed of your connection, this may take up to 20 minutes.
2. Find the downloaded E-Com client installer (named “FileMaker Pro 11-Mac-Lewis.zip”) and double-click it to unzip it.
3. Open the unzipped folder and double-click the Filemaker Pro 11 icon.
4. Enter your computer admin password.
5. On the License page, select “Continue”
6. Select “Agree” from the drop-down dialog box.
7. Select “Continue” at the Destination page.
8. Select Install.
9. Once the installation is complete, select the “Quit” button.
10. Open the E-Com Login file you downloaded to your desktop in Step 1a.
11. Sign in to E-Com with your usual name and password. You may need to allow 1-2 plug-ins to install upon the first login; after that, nothing other than your user name and password should be required.
