Mac E-Com Client Installation

- Download the zip file from <u>https://www.portagebaysupport.com/clients/ecom.html</u>: The Mac E-Com client installer; please note that depending upon the speed of your connection, this may take up to 20 minutes.
- Find the downloaded E-Com client installer (named "FileMaker Pro 18 Assisted Install Mac.zip") and double-click it to unzip it.
- Open the unzipped folder and double-click the Filemaker Pro 18 icon.

- You may get a message stating that the package will run a program to determine if the software can be installed. If so, select the Continue button.
- The Install FileMaker Pro 18 window should appear. Select the Continue button.

	Standard Install on "Macintosh HD"
 Introduction Personalization Destination Select Installation Type Installation Post Installation Summary 	This will take 550.5 MB of space on your computer. Click Install to perform a standard installation of this software on the disk "Macintosh HD".
R	Change Install Location
	Customize Go Back Install

• A License Agreement page should appear. Select Continue. Select Agree from the drop-down dialog.

- Select a destination for the software (generally, Macintosh HD is pre-selected). Hit the Continue button.
- Select the Install button on the next screen.
- Enter your computer admin password.
- Once the installation is complete, select the Close button.
- Please use the login file provided by your District's Special Education administration staff or Portage Bay.
- Sign in to E-Com with your usual name and password.
